## Adobe Photoshop CS5.1 Extended Edition Keygen =LINK=

Solution: I need help, I enter the serial key correctly and it says "We cannot run Adobe Photoshop CS5.1 Extended Version - 3979357. Click to run this application." This is happening on Mac OS X 10.6 Snow Leopard. How do I get the serial key? If you get an error message saying "We cannot run Adobe Photoshop CS5.1 Extended Version - 3979357. Click to launch this application," try the following: 1. Open a web browser and type the following:  
[http://www.adobe.com/products/photoshop/photoshop\\_cs5.xml](http://www.adobe.com/products/photoshop/photoshop_cs5.xml). 2. Select "License Code", then enter your current product key.
